July 1, 1999

Trucks working on environmental cleanup may result in delays on North South Road

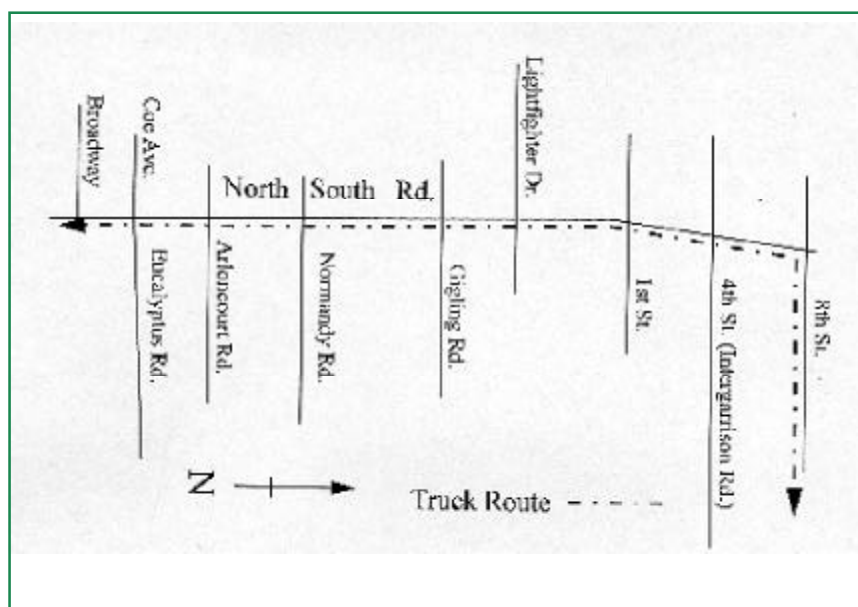

As part of the Fort Ord environmental cleanup, Army contractors will excavate and haul lead contaminated soil from small arms ranges along North South Road on the Presidio of Monterey Annex to the Fort Ord landfill today through July 30.

Local residents along North South Road, commuters using North South Road, and employees of federal and commercial activities on the POM Annex may notice an increase in traffic on North South Road during this period.

Those traveling on the POM Annex are advised to note the haul route and to be alert for slow moving trucks.

Precautions will be taken to ensure the health and safety of all local community residents and POM Annex employees and visitors during this phase of the cleanup. The trucks hauling contaminated soil will be covered and the loads dampened to ensure dust is controlled.

Trucks will operate during daylight

hours and comply with posted speed limits and stop signs. Flagpersons will be present at entry points along North South Road.

Garrison commander sends Independence Day message to troops

On this birthday celebration of our great country it is appropriate to pause and reflect on the vision of our founding fathers. As we observe other nations and their growth, it becomes evident that America indeed had a special beginning. We were truly blessed with the wisdom and farsightedness of men like Jefferson, Franklin, Hamilton, as well as the leadership of Washington, Adams, and many others. It was these great men who made and led this country through its infancy. And just as in the

growth of a man, being dependent upon the nurturing and foundation received early in life, so the greatness of our country can be measured by the tremendous foundation that these patriots built. This is not to say that these men were without flaw; we know that they were products of their time, but their vision for this land of ours continues to be an inspiration for the entire world.

So on this 223rd birthday of our nation let us remember and hold dear the vision of our founding fathers and

**Col. Peter Dausen, U.S. Army,
Garrison Commander**

by their example, carry it boldly with courageous steps into the 21st century.

Thanks for listening.

Chairman of Joint Chiefs discussses July 4 holiday

By Gen. Henry Shelton
Chairman of the Joint Chiefs
of Staff

In 1776, American patriots declared their independence and fought the greatest power of their time to earn the blessings of liberty that have become the birthright of all Americans. Their legacy is nothing less than our independence, prosperity, and very existence as a free nation.

In the ensuing years, the United States came of age and emerged as a world power. Throughout our country's history, America's sons and daughters have repeatedly been called upon to defend the freedoms the early patriots fought so hard to win. In peace and war, at sea, on land, and in the air, America's

armed forces have remained faithful to the noble calling of protecting our great nation and the bedrock principles on which it stands.

Today, on the last Independence Day of this millennium, you – America's soldiers, sailors, airmen, Marines, and coastguardsmen – stand watch over our precious freedoms. You proudly perform your sacred duty despite enormous danger, personal sacrifice, and lengthy separation from families and friends. Your task is not easy. But it is your willingness to serve that helps

define America's greatness, both at home and abroad.

On this Independence Day, America honors you and all those who went before you. On behalf of the Joint Chiefs of Staff, thank you for all you do every day in defense of America's freedom.

Veterinary Treatment Facility offers services for pet owners

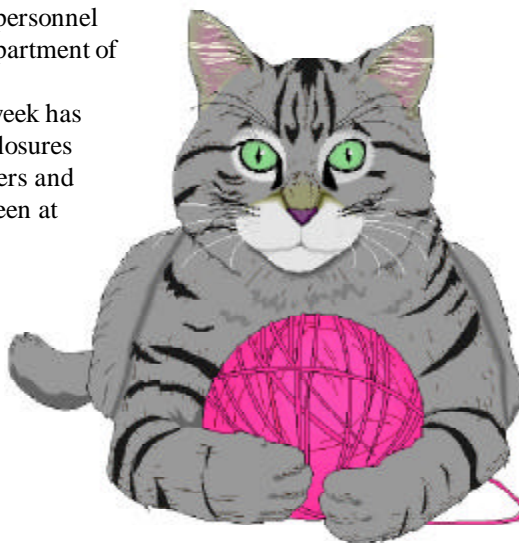

By Army Capt. Becky Callihan

Chief, Lemoore Branch Veterinary Services

The Veterinary Treatment facility is located in Building 4380 at the Presidio of Monterey Annex, adjacent to the base stray facility. Army Veterinary Services can perform immunizations, examinations, issue health certificates and some treatments for pets owned by personnel who are authorized routine Department of Defense medical care.

In the past, one clinic per week has been offered. However, base closures have reduced personnel numbers and therefore the number of pets seen at the POM Annex VTF. These changes mean less revenue for the vet clinic to support itself. In addition, shortages within the Northern California District Veterinary Command translate to the VTF no longer having a resident animal care specialist.

Clinics will continue to run once or twice monthly, depending on interest. Also, we will offer a quarterly evening clinic or weekend vaccine clinic. Each month's schedule will be posted on the front of the clinic, and we will strive to keep you informed through base publications. We regret that the schedule will

ies change, due to the varied mission Veterinary Command and wide geographical area covered by very few personnel.

ur civilian veterinarian, Dr. Martin Torres, will continue to join us occasionally, but otherwise I will commute from Naval Air Station Lemoore to join you for clinics. Sgt. Donnie Thornton, an animal care specialist also from NAS Lemoore, will be your technician.

At this time, our receptionist, Joyce Latimore, will keep the clinic open daily, 8 a.m.-noon and 1:30-3 p.m. for scheduling appointments, pet registrations and sales of products such as flea control,

heartworm preventative and shampoos. Call 242-7721 to schedule an appointment or for more information. During this time of change we appreciate your patience and look forward to serving the base community.

National Safety Council offers driving tips to reduce chances of holiday accidents

More than 43,000 people lose their lives in motor vehicle crashes each year, and two million more suffer disabling injuries, according to the National Safety Council.

The Fourth of July is just around the corner, and even though this is a time of celebration with family and friends, we cannot over-emphasize the hazards associated with driving a vehicle.

The triple threat of high speeds, impaired or careless driving and not using occupant restraints threatens every driver – regardless of how careful or how skilled. Driving defensively means not only taking responsibility for yourself and your actions but also keeping an eye on “the other guy.”

The National Safety Council suggests the following guidelines to help reduce your risks on the road:

- ❑ Don't leave the driveway without securing each passenger in the car, including children and pets. Safety belts save thousands of lives each year.

- ❑ Remember that driving too fast or too slow can increase the likelihood of collisions.

- ❑ Don't kid yourself. If you plan to drink, designate a driver who won't drink. Alcohol is a factor in almost half of all fatal motor vehicle accidents.

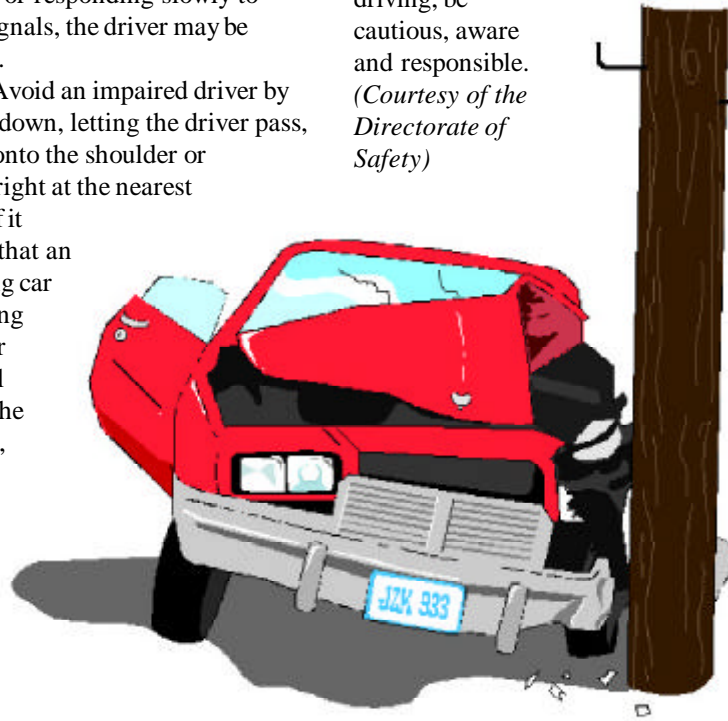

- ❑ Be alert! If you notice that a car is straddling the center line, weaving, making wide turns, stopping abruptly or responding slowly to traffic signals, the driver may be impaired.

- ❑ Avoid an impaired driver by slowing down, letting the driver pass, pulling onto the shoulder or turning right at the nearest corner. If it appears that an oncoming car is crossing into your lane, pull over to the roadside, sound the horn and flash your lights.

- ❑ Notify the police immediately after seeing a motorist who is driving suspiciously.

- ❑ Follow the rules of the road. Don't contest the “right of way” or try to race another car during a merge. Be respectful of other motorists.

- ❑ While driving, be cautious, aware and responsible.

Explanation of classified ad policy

The following information is provided to explain and clarify policy for individuals who would like to publish classified ads in POM-Mart.

Military members, retirees and Department of Defense civilian employees with valid identification cards are authorized to place classified ads in the Community News.

To place an ad in the Community News, complete the form on the back page of the Community News and deliver it to the Public Affairs Office, Building 614, Room 142, Presidio of Monterey, 93944. Ads may also be sent via e-mail to the editor at wright@pom-emh1.army.mil. Individuals should be sure to include all information requested on the form, including the category of the ad.

Daytime work telephone numbers are for use by Community News staff only; they will not be listed in ads. Individuals may place up to three ads in different categories per issue. **Each ad should not exceed 35 words; itemized property for sale should be valued at least \$10.**

The Community News staff will make every effort to publish ads accurately, but we reserve the right to edit ads to meet readability, format and space requirements. Report typographical errors to the editor, and they will be corrected in the next available issue.

Acceptable classified ads include items in the categories of Autos; Motorcycles; Trucks, Vans, Sport, RVs; Wanted; Sports Equipment; Entertainment, Music Items; Computers and Accessories; Lost and Found; Miscellaneous; Pets or Household Items. Items must be for one-time sale or for free – not for a profit-sharing venture of multiple items. The Community News does not take responsibility for items advertised.

Classified ads for businesses, rentals, free information, help for hire or tutoring, or illegal items are not authorized. Each ad will be published in **three** consecutive issues unless it is renewed or cancelled.

The date the ad was first published is printed in parentheses following each ad. For example, ads dated (07-01) will continue to run through the July 30 issue. Classified ads may be renewed or cancelled by phone; however, new ads, additions or major changes to ads must be done in writing before the Wednesday deadline for the next issue. **Deadlines are generally a week and a half prior to the next publication.** When calling in reference to an ad, be sure to identify the category, first few words of the ad, phone number as printed and the date following the ad.

Deadline for the July 16 issue is Wednesday; deadline for the July 30 issue is July 21.

Please refer questions concerning this policy to the editor of the Community News at the Public Affairs Office, at 242-5104 or 242-6426.
